

Directions to Los Miradores, La Manga

From Alicante Airport - leave the airport and follow signs for Murcia to join the AP7 motorway. Once on the motorway (this is a toll motorway), follow signs for Cartagena. You are on the Autopista del Mediterráneo (AP7) heading south. Follow the motorway for about 99km.

From San Javier Airport - If you are using a taxi show the address at the bottom to the driver. That is where the driver needs to take you. For hire car users, leave the airport & take the second exit following signs for Cartagena and Motorway. At the next roundabout go straight over, then left at the second roundabout. Join the motorway and continue south towards Cartagena. You are now on the Autopista del Mediterráneo (AP7) heading south. Follow the motorway for about 12km.

Instructions from the AP7 heading south.

At Junction 800 you will then see the signs for *La Manga MU312* - which is the road number. Exit here.

Once on this slip road there are further exits to the right. Take the third exit for La Manga. The road turns to the right and curves round under itself. Beware at the bottom as there is not a feeder lane so stop and check for traffic from the left.

If you want to see this road junction, take a look at Google maps and enter +37° 39' 37.07", -0° 54' 1.62"

After passing back under the motorway you have just exited from, the road climbs up and over, and then joins a dual-carriageway. Stay on this road for about 10km. Eventually, it will make a long curve left and, at the first set of traffic lights, start heading up the 'La Manga strip'.

At the first set of traffic lights, you are at Kilometre 0. Places on the strip are referred to as being so many kilometres from the start. The apartment in Los Miradores del Puerto is at Kilometre 14.

As you drive up the strip you head North. There are several speed bumps as you go. After 12 km, you will see the Restaurante Paquebote on the left-hand side – behind some palm trees and a car park. It is painted yellow and looks like a boat. If you reach a small roundabout then you have travelled about 300m too far and need to return the way you came to find the restaurant. Normally the arrangements will be that if you are using a hire car you will meet our representative here, collect the keys to the apartment, and then be shown to the apartment. If you are using a taxi you need to continue to the apartment. Do not leave the taxi at the Paquebote restaurant.

To reach the apartment, you continue north, past the small roundabout, and cross over a large bridge with a futuristic control booth on the left. From the bridge travel about 500m before turning left into road approaching the apartment area (just before the 'Upper' supermarket). Park as near as you can to the far end. The apartment block is the last on the right painted with blue balconies.

The apartment address is:

Urb Miradores del Puerto, Esc 2, 1H, La Manga del Mar Menor, 30380 San Javier, Murcia
